Narrative Title: Narrative

was found to be in possession of three digital videos and one digital picture depicting adult female women engaged in sexual activities involving animals.

On October 7th, 2026, I was notified about an incident regarding a Volusia County School Guardian taking photographs of minors on campus in a concerning manner. School Resource Officer Margagliotti called and advised me of her account of the incident. She furthered her investigation and Sergeant Hunnefeld responded to the high school to assist.

It should be noted that Sergeant Hunnefeld then contacted me and stated that he received consent to search through the School Guardian's cellular device. While Officer Margagliotti was searching through the device, multiple images were observed depicting adult pornographic images and multiple images of students at the school, who were fully clothed and did not appear to be in violation of Florida Statute. A New Smyrna Beach Police Department Consent to Search Digital Devices form was completed and the passcode to the device was provided.

For further information, the following is Officer Margagliotti's report:

"On 10/07/2026 at approximately 0754 hours at 1015 10th St (New Smyrna Beach High School) I observed School Guardian Denis Keeran (O1) standing near the single point of entry between building 1 and 2, where the weapon detection system is:

FILED
2026 OCT 12 PM 11:22
CLERK OF THE CIRCUIT
CITY OF VOLUSIA CITY, FL

I observed Guardian Keeran on his black iPhone cell phone on the camera app. Keeran placed the phone in his left hand and held his arm straight down by his upper thigh. As female students walked through the weapon detector, I observed Keeran press the volume button on his iPhone several times, taking photographs of female students as they walked by. This continued for several female students as they walked by, and most of the female students were wearing shorts or skirts.

I notified Assistant Principal Rober Bismore (O2) via text of my findings. Bismore was able to stand behind Guardian Keeran and capture three videos of Guardian Keeran taking photographs of the female students walking by. These videos were uploaded to evidence.com, and depict the following:

Video 1 - 21 seconds in length Depicts Guardian Keeran with his iPhone in his left hand, camera app is open and visibly seen on iPhone screen and the volume/capture photo button is pressed several times.

Video 2 - 31 seconds in length Depicts Guardian Keeran with his iPhone in his left hand, camera app is open and visibly seen on iPhone screen and the volume/capture photo button is pressed several times.

Video 3 - 22 seconds in length

Depicts Guardian Keeran turn on his police radio on the rear left side of his gun belt. Approximately 15 seconds into the video Guardian Keeran adjusts his shirt, which displays the front of his iPhone screen which is displaying the camera app or photograph taking mode.

I notified my supervisor, Sergeant Hunnefeld of the situation as well as Principal Merrick.

Sergeant Hunnefeld, Lieutenant Galarza from Volusia Sheriff's Office, and Guardian Commander Chilcot responded to New Smyrna Beach High School. Once on scene, I briefed Commander Chilcot and Lieutenant Galarza about the incident.

I assisted Chilcot in securing Guardian Keeran's firearm. Guardian Keeran was advised that there was an investigation underway for photographs he was taking on his cell phone of students on campus. Guardian Keeran advised that he has previously taken multiple pictures of students, while they are walking through metal detectors on campus. He advised that this was because of the recent issues of the metal detector or due to not recognizing certain students. Guardian Keeran provided consent for me to look at his phone to view the photographs taken from today on campus. I observed well over one hundred photographs taken of female students from the morning of 10/07/2026 between the hours of 0745 and 0830.

Digital consent to search form was obtained by Guardian Keeran for his iPhone. The phone was turned over to Sergeant Hunnefeld. Refer to Sergeant Hunnefeld's supplement report for further information.

This is an active investigation."

Upon receiving the device, it is known to this Cellebrite Forensic Analyst that most devices cannot be forensically extracted by Cellebrite unless the stolen device protection is off. Due to this, the hand scrolling technique was utilized. While scrolling to the top of the photo gallery, multiple nude images were observed depicting nude children but appeared to only be child erotica. While near the top of the device, I observed five digital videos depicting adult women having sexual intercourse with horses (*Equus ferus caballus*).

It should be noted that I contacted Animal Control Officer Wulf to view the video and he was able to confirm that each video did in fact depict horses (*Equus ferus caballus*).

ACO Wulf's qualifications are to include:

Dylan Wulf is a Sworn Law Enforcement Officer who is also a Florida State Certified Animal Control Officer since June of 2022 and is a Nationally Certified Level 1, 2 and 3 Animal Control Officer who has completed specific training with the American Society For The Prevention Of Cruelty To Animals (ASCPA) and The University Of Florida's School Of Veterinary Medicine for the investigation of cruelty and neglect to animals.

Due to this, I stopped conducting a search of the device (utilizing consent) and determined a search warrant should be requested.

On October 8th, 2026, the search warrant was approved by Honorable Judge Kathryn Weston. With the approval of the search warrant, the device was transported to the Volusia County Sheriff's Office Digital Forensics Unit for a digital forensic extraction utilizing GrayKey.

VSO Detective Miller was able to successfully extract the device and upload the extraction report to Cellebrite Guardian.

New Smyrna Beach Police Department
Non Arrest Affidavit (Adult)

Case No.: NS261000081

It should be noted that an excessive amount of digital photographs depicting nude prepubescent children were observed on Mr. Keeran's cellular device. These children were found to be at the beach and appeared to have been from a foreign country. None of the children were in an unnatural pose, inappropriate attire or location that would be considered sexually suggestive. Due to this, these images were not in violation of any Florida State Statute.

Additionally, there was an excessive amount of pictures depicting New Smyrna Beach Highschool female students. It appeared as if Mr. Keeran held his device in a manner to appear as natural by holding it down to his side while taking photographs. These photographs also included what appeared to be students attending the New Smyrna Beach Highschool homecoming. These photographs also included geodata showing that these photographs were taken at the Volusia County Schools.

For additional identification purposes, I observed multiple photographs of Mr. Keeran in his agency issued school guardian uniform, with agency insignia prominently displayed. I did not have prior interactions with Mr. Keeran until the date of October 8th, 2026, where Mr. Keeran met with me in the front lobby of the police department. During this interaction, Mr. Keeran inquired about when his cellular device would be completed. During conversation, he identified himself and that he spoke with the Volusia County Sheriff's Office Lieutenant Galarza about the incident. He also advised that he knew Officer Margagliotti.

After a review of the entire investigation, it was determined that probable cause was found for the possession of videos containing human sexual activity with animals. An arrest warrant will be drafted and brought before a judge at a later date and time.
